

APPLICATION AND CONTRACT FOR POLE LIGHT

(Applicant being property owner -- exceptions, item 15)

The undersigned applicant (hereinafter referred to as Customer), hereby applies to the ***Elizabethton Electric Department (EED)*** (hereinafter referred to as System) for the installation of outdoor lighting fixture(s) and rental pole (if needed and requested by Customer).

It is mutually agreed as follows:

1) Customer must sign an Outdoor Light Agreement before initial installation of **light for an initial term of one (1) year. Outdoor Light and Pole installation requires a three (3) year agreement.** EED will not install Outdoor Light Units on privately owned poles or structure.

2) **Installation fee must be paid at signing of contract. A \$50.00 installation fee shall be charged for each private-use Outdoor Light Unit that is attached to existing poles, plus a monthly rental in accordance to size and type of light unit. Customer's requests for new poles will be accessed a one-time installation fee of \$180.00 plus monthly pole rental fee of \$3.70 in addition to the light fixture rental.** An additional Adverse Condition Fee may apply as aid of construction if pole placement requires excessive labor and materials.

3) The System will furnish and install automatically-controlled unit(s) for Customer at location designated below. Unit will be installed according to System's specifications. Existing pole installations must be accessible by heavy bucket truck. Customer may request more than one pole be set to serve Outdoor Light Units, installation fees and monthly rental will be charged accordingly per pole. System retains right to reject installation of light and/or pole due to excessive cost to the System and/or unsafe or undesirable location/circumstances.

4) An additional monthly fee equaling EED's attachment fee will be charged to customer whenever a private-use Outdoor Light Unit is installed on a pole belonging to a utility other than EED.

5) The System will retain ownership of light or light & pole, and will maintain the lighting equipment. Repairs and replacements will be within three (3) business days of notification from customer depending on weather condition and Service Department work load

6) Cost of electricity for operation of this light and rental fee for pole (if required) will be added to and become a part of Customer's monthly electric bill.

7) EED will not perform any **tree trimming** in order to serve, maintain or install Outdoor Light Units.

8) The Customer agrees to protect the lighting equipment to the best of his ability and to notify the System of any vandalism to the lighting unit. It shall be at the System's discretion to remove unit and cancel this contract if operation and/or maintenance of lighting unit becomes excessive due to vandalism or other reasons beyond control of System.

9) The System shall retain the right to remove the lighting equipment and cancel this contract, due to Customer's failure to pay bill.

10) The System shall retain the right to remove the lighting equipment and cancel this contract if said equipment should interfere with System's line or pole relocations and line construction.

11) System shall (under guidelines stated above) continue billing Customer for lighting unit after initial one-year contract has been fulfilled on a month-to-month basis or until Customer or System terminates contract. This contract shall be subject to any future rate increases without notice.

12) Lighting unit shall be removed after notification from Customer within a reasonable amount of time and in accordance to work load in System's Service Department. Customer shall continue being billed for unit until it has been removed by System.

13) An Outdoor Light Account must be established when ever a customer has a light unit installed at a location other than their primary residence.

14) In the event a private-use Outdoor light Unit has been disconnected the standard Twenty-five dollars (\$25.00), EED's Connection Fee will be required to have Light Unit reconnected.

(Continue)

15) **Rental Property:** If above-mentioned location is rental property the Landlord is to sign application and will be responsible for fulfillment of said contract in the event property is vacated by applicant. If new tenant(s)

desires light unit to be left at this location they will assume responsibility of contract, if not, it will be Landlord's responsibility to request EES to remove unit.

Installation Fee or Reconnection Fee will be paid the day Contract is signed. Monthly fee will start the day light or light/pole is set.
